Stratification occurs when a reporting issuer using the Notice-and-Access Provisions provides a paper copy of the information circular to some shareholders with the notice package. In relation to the Meeting, all s will receive the required documentation under the Notice-and-Access Provisions, which will not include a paper copy of the Circular.

Registered shareholders who are unable to attend the Meeting in person are requested to complete, date and sign the enclosed form of proxy and send it in the enclosed envelope in accordance with the instructions set out in the form of proxy and in the Circular accompanying this Notice of Meeting.

Q&A ON PROXY VOTING

Q: What am I voting on?

A: Shareholders are voting on: (i) the election of directors to the board of directors of the Corporation (the "**Board**") for the ensuing financial year; (ii) the appointment of an auditor for the Corporation for the ensuing financial year; (iii) the adoption of an ordinary resolution to approve the Stock Option Plan and unallocated options under the Stock Option Plan; and (iv) to transact such other business that may properly come before the Meeting.

Q: Who is entitled to vote?

A: Shareholders as of the close of business on October 31, 2016 (the "**Record Date**") holding Common Shares are entitled to vote as a single class. Each Common Share is entitled to one vote on those items of business identified in the Notice of Meeting.

Q: How do I vote?

A: There are two ways you can vote your Common Shares if you are a registered shareholder. You may vote in person at the Meeting or **you may sign the enclosed form of proxy appointing the named persons or some other person you choose, who need not be a shareholder, to represent you as proxyholder and vote your shares at the Meeting.** If your shares are held in the name of a nominee, please refer to the answer to the question "If my Common Shares are not registered in my name but are held in the name of a nominee (a bank, trust company, securities broker, trustee or other), how do I vote my Common Shares?" to determine how you may vote your Common Shares.

Q: What if I plan to attend the Meeting and vote in person?

A: If you are a registered shareholder and plan to attend the Meeting on December 12, 2016 (Beijing time) and wish to vote your Common Shares in person at the Meeting, do not complete or return the form of proxy. Your vote will be taken and counted at the Meeting. Please register with the Corporation's transfer agent, Computershare Investor Services Inc. ("**Computershare**"), upon arrival at the Meeting. If your Common Shares are held in the name of a nominee and you wish to attend the Meeting, refer to the answer to the question "If my Common Shares are not registered in my name but are held in the name of a nominee (a bank, trust company, securities broker, trustee or other), how do I vote my Common Shares?" for voting instructions.

Q: Who is soliciting my proxy?

A: **The enclosed form of proxy is being solicited by management of the Corporation** and the associated costs will be borne by the Corporation. The solicitation will be made primarily by mail but may also be made by the telephone, in writing or in person by the employees of the Corporation.

Q: What happens if I sign the form of proxy enclosed with this Circular?

A: Signing the enclosed form of proxy gives authority to Shou Cailiang, Chairman of the Corporation, or failing him, Francis Leong, Lead Director of the Corporation, respectively, or to another person you have appointed, to vote your Common Shares at the Meeting.

Q: Can I appoint someone other than these representatives to vote my Common Shares?

A: **Yes. Write the name of this person, who need not be a shareholder, in the blank space provided in the form of proxy.** It is important to ensure that any other person you appoint is attending the Meeting and is aware that he or she has been appointed to vote your Common Shares. Proxyholders should, upon arrival at the Meeting, present themselves to a representative of Computershare.

Q: What do I do with my completed proxy?

A: Return it to Computershare in the envelope provided, at: Computershare Investor Services Inc., 100 University Avenue, 9th Floor, Toronto, Ontario M5J 2Y1, or by fax to 1-866-249-7775, so that it arrives not less than 48 hours, excluding Saturdays, Sundays and statutory holidays in the Province of Ontario, before the Meeting or any adjournment thereof.

Q: If I change my mind, can I take back my proxy once I have given it?

A: Yes. In addition to revocation in any other manner permitted by law, a shareholder may revoke a proxy by preparing a written statement to this effect, signed by you or your attorney authorized in writing (or if the shareholder is a corporation, by an authorized officer or attorney of the corporation authorized in writing). This written statement must then either be delivered to the Corporation's head office at any time up to and including the close of business on the last business day preceding the day of the Meeting, or any adjournment or postponement of the Meeting, at which such proxy is to be used, or deposited with the Chairman of the Meeting on the day of the Meeting, or any adjournment or postponement of the Meeting. Upon either of such deposits the proxy will be revoked. If the written statement of revocation is deposited with the Chairman of the Meeting on the day of the Meeting, or any adjournment of the Meeting, the written statement will not be effective with respect to any matter on which a vote has already been cast pursuant to such form of proxy.

Q: How will my Common Shares be voted if I give my proxy?

A: On the form of proxy, you can indicate how you want your proxyholder to vote your Common Shares, or you can let your proxyholder decide for you. If you have specified on the form of proxy how you want your Common Shares to be voted on a particular issue, then your proxyholder must vote your Common Shares accordingly. If you have not specified on the form of proxy how you want your Common Shares to be voted on a particular issue, then your proxyholder can vote your Common Shares as he or she sees fit. **IN THE ABSENCE OF SUCH DIRECTIONS, HOWEVER, YOUR COMMON SHARES WILL BE VOTED IN FAVOUR OF THE ELECTION OF DIRECTORS TO THE BOARD AND THE APPOINTMENT OF THE AUDITOR.**

Q: What if amendments are made to these matters or if other matters are brought before the Meeting?

A: **The persons named in the form of proxy will have discretionary authority with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting.**

As of the date of this Circular, management of the Corporation know of no such amendment, variation or other matter expected to come before the Meeting. If any other matters properly come before the Meeting, the persons named in the form of proxy will vote on them in accordance with their best judgment.

Q: How many Common Shares are entitled to vote?

A: As of the Record Date of October 31, 2016, there were 25,420,065 Common Shares outstanding. Each registered shareholder has one vote for each Common Share held at the close of business on October 31, 2016.

Q: How will the votes be counted?

A: Each question brought before the Meeting will be determined by a majority (50.1%) of votes cast on the question. In the case of equal votes, the Chairman of the Meeting is not entitled to a second or casting vote.

Q: Who counts the votes?

A: The Corporation will appoint a scrutineer to count and tabulate the proxies. This is done independently of the Corporation to preserve the confidentiality of individual shareholder votes. Proxies are referred to the Corporation only in cases where a shareholder clearly intends to communicate with management or when it is necessary to do so to meet the requirements of applicable law.

Q: If I need to contact the transfer agent, how do I reach them?

Q: If my Common Shares are not registered in my name but are held in the name of a nominee (a bank, trust company, securities broker, trustee or other), how do I vote my Common Shares?

A: There are two ways you can vote your Common Shares held by your nominee. Unless you have previously informed your nominee that you do not wish to receive material relating to the Meeting, you will have received this Circular from your nominee, together with a request for voting instructions for the number of Common Shares you hold.

There are two kinds of beneficial owners – those who object to their name being made known to the issuer of securities which they own (called "OBOs" for Objecting Beneficial Owners) and those who do not object to the issuers of the securities they own knowing who they are (called "NOBOs" for Non-Objecting Beneficial Owners).

In accordance with the requirements as set out in National Instrument 54-101 *Communications with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian Securities Administrators, the Corporation has distributed copies (utilizing the Notice-and-Access Provisions) of the Notice of Meeting, this Circular, the form of Proxy and the supplemental mailing list return card (collectively, the "Meeting Materials") (i) directly to NOBOs, and (ii) to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders who have advised their Intermediary that they object to the Intermediary providing their ownership information.

NOBOs can expect to receive a scannable voting instruction form ("Voting Instruction Form") from the Corporation's transfer agent, Computershare. These Voting Instruction Forms are to be completed and returned to Computershare in the envelope provided or by facsimile. In addition, Computershare provides both telephone voting and internet voting as described on the Voting Instruction Form itself which contain

complete instructions. Computershare will tabulate the results of the Voting Instruction Forms received from NOBOs and will provide appropriate instructions at the Meeting with respect to the Common Shares represented by the Voting Instruction Forms they receive.

These shareholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Corporation or its agents sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these materials to you directly, the Corporation (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the Voting Instruction Form.

If you are an OBO, for your Common Shares to be voted for you, please follow the voting instructions provided by your nominee. If you are a non-registered shareholder who has voted and want to change your mind and vote in person, contact your nominee to discuss whether this is possible and what procedure to follow.

If you are a NOBO or an OBO and wish to attend and vote your shareholdings at the Meeting, the Corporation will have no record of your shareholdings as a registered shareholder or of your entitlement to vote unless your nominee has appointed you as proxyholder. Therefore, if you wish to vote in person at the Meeting, insert your own name in the space provided on the Voting Instruction Form sent to you by your nominee. Then sign and return the Voting Instruction Form by following the signing and returning instructions provided by your nominee. By doing so, you are instructing your nominee to appoint yourself as proxyholder. Do not otherwise complete the Voting Instruction Form as your vote will be taken at the Meeting. Please register with Computershare upon arrival at the Meeting.

Q: Will I receive paper copy of this Circular and the Corporation's annual report?

A: The Corporation will be utilizing the Notice-and-Access method with respect to the Meeting and will not be sending shareholders paper copies of this Circular or the Corporation's annual report, unless requested by shareholders in accordance with the Notice-and-Access Provisions.

The Notice-and-Access Provisions are a mechanism which allows reporting issuers other than investment funds to choose to deliver proxy-related materials to registered holders and beneficial owners of securities by posting such materials on a non-SEDAR website (usually the reporting issuer's website and sometimes the transfer agent's website) rather than delivering such materials by mail. The Notice-and-Access Provisions can be used to deliver materials for both special and general meetings. Reporting issuers may still choose to continue to deliver such materials by mail, and beneficial owners will be entitled to request delivery of a paper copy of the information circular at the reporting issuer's expense.

The use of the Notice-and-Access Provisions would reduce paper waste and mailing costs to the issuer. In order for the Corporation to utilize the Notice-and-Access Provisions to deliver proxy-related materials by posting a Circular (and if applicable, other materials) electronically on website that is not SEDAR, the Corporation must send a notice to shareholders, including Non-Registered Holders, indicating that the proxy-related materials have been posted and explaining how a shareholder can access them or obtain from the Corporation, a paper copy of those materials. This Circular has been posted in full on the Corporation's website at www.boyuanguroup.com and under the Corporation's SEDAR profile at www.sedar.com.

In order to use Notice-and-Access Provisions, a reporting issuer must set the record date for notice of the meeting to be on a date that is at least 40 days prior to the meeting in order to ensure there is sufficient time for the materials to be posted on the applicable website and other materials to be delivered to shareholders. The requirements of that notice, which requires the Corporation to provide basic information about the Meeting and the matters to be voted on, explain how a shareholder can obtain a paper copy of the Circular and any related financial statements and MD&A, and explain the Notice-and-Access Provisions process, have been built into the Notice of Meeting. The Notice of Meeting has been delivered to shareholders by

the Corporation, along with the applicable voting document (a form of proxy in the case of registered shareholders or a voting instruction form in the case of Non-Registered Holders).

As the Corporation is a reporting issuer that is using the Notice-and-Access Provisions for the second time, it was not required to, but chose to, file a notification at least 25 days prior to the Record Date indicating its intent to use the Notice-and-Access Provisions. The Corporation will not rely upon the use of "stratification". Stratification occurs when a reporting issuer using the Notice-and-Access Provisions provides a paper copy of the information circular with the notice to be provided to shareholders as described above. In relation to the Meeting, all shareholders will have received the required documentation under the Notice-and-Access Provisions and all documents required to vote in respect of all matters to be voted on at the Meeting. No shareholder will receive a paper copy of the Circular from the Corporation or any Intermediary unless such shareholder specifically requests same. The Corporation will be delivering proxy-related materials to NOBOs directly with the assistance of Broadridge. The Corporation will pay for delivery of materials to OBOs and as a result OBOs will receive the materials.

Any registered shareholder or NOBO who wishes to receive a paper copy of this Circular must make contact with the Corporation's transfer agent, Computershare Investor Services Inc., by phone at 1-866-962-0498 within North America or 1-514-982-8716 outside of North America, to obtain paper copies prior to the Meeting date, or by phone at 1-800-564-6253 to obtain paper copies after the Meeting date. Any OBO who wishes to receive a paper copy of this Circular must make contact with Broadridge Financial Solutions, Inc. at its fulfillment request line at 1-877-907-7643. In order to ensure that a paper copy of the Circular can be delivered to a requesting shareholder in time for such shareholder to review the Circular and return a proxy or voting instruction form prior to the Proxy Deadline, it is strongly suggested that a shareholder ensure their request is received no later than December 2, 2016.

All shareholders may call the Corporation's transfer agent, Computershare Investor Services Inc., at 1-888-964-0492 (toll-free) in order to obtain additional information regarding the Notice and Access Provisions.

In this Circular, unless otherwise indicated, all references to "US\$" or "U.S. dollars" refer to United States dollars, and all references to "Cdn\$" refer to Canadian dollars.

Majority Voting Policy

The rules of the TSX were amended in February 2014 and now require all TSX-listed companies (other than majority controlled companies) to adopt a majority voting policy with respect to uncontested director elections. The policy generally requires that any nominee director of a corporation who receives more "withheld" votes than votes cast "for" his election tender his resignation for consideration by the board of directors.

On October 9, 2014, the Board adopted a majority voting policy (the "**Majority Voting Policy**") with immediate effect. A copy of the Majority Voting Policy is available on the Corporation's website at www.boyuanguroup.com.

The Majority Voting Policy requires that any nominee for director who receives a greater number of votes "withheld" than "for" his or her election, in an uncontested election, shall immediately tender his or her resignation to the Chairman of the Board for consideration by the Nominating and Corporate Governance Committee (the "NCGC"). The NCGC shall consider the resignation in accordance with the Majority Voting Policy and shall recommend to the Board whether or not it should be accepted. The Board shall act on the recommendations of the NCGC within 90 days following the shareholders' meeting and disclose its decision by way of press release. No director who, in accordance with the Majority Voting Policy, is required to tender his or her resignation, shall participate in the NCGC's deliberations or recommendation. However, such director shall remain active and engaged in all other Board and committee activities, deliberations and decisions during the NCGC process. If a majority of the members of the NCGC received votes "withheld" in the same election, or the number of NCGC members who received a vote "withheld" in the same election is greater than quorum of the NCGC, the independent directors then serving on the Board who received a greater number of votes "for" their election than votes "withheld" will appoint an ad hoc Board committee from amongst themselves to consider the resignations. If a resignation is accepted, the Board may, in accordance with the provisions of the OBCA, (i) leave the vacancy in the Board unfilled until the next annual meeting of shareholders, (ii) reduce the size of the Board, (iii) fill the vacancy created by the resignation by appointing a new director whom the Board considers to merit the confidence of shareholders, or (iv) call a special meeting of shareholders to consider new board nominee(s) to fill the vacant position(s).

Each of the current directors has agreed to abide by the provisions of the Majority Voting Policy and any subsequent candidate nominated by management will, as a condition of such nomination, be required to abide by the Majority Voting Policy. In the event that any director who received a majority of votes "withheld" does not tender his or her resignation in accordance with the Majority Voting Policy, he or she will not be re-nominated by the Board.

On October 15, 2012, the Ontario Securities Commission (the "OSC") as principal regulator issued a management cease trade order (the "MCTO") prohibiting trading of the Corporation's securities by the CEO and CFO of the Corporation for failure of the Corporation to file the annual audited financial statements, MD&A and related CEO and CFO certification for the year ended June 30, 2012 and the annual information form for the year ended June 30, 2012, by the prescribed filing deadline of September 28, 2012. The MCTO is also applicable to the failure of the Corporation to file the interim financials, MD&A and related CEO and CFO certification for the quarter ended September 30, 2012, by the prescribed filing deadline of November 15, 2012. The MCTO was allowed to lapse/expire as of December 20, 2012 due to the filing defaults having been remedied.

On May 30, 2013, the OSC issued a hearing notice regarding a related party transaction and loan agreement entered into by the CEO on behalf of Boyuan in November, 2010 in the absence of adequate internal controls and procedures and without consultation with the CFO, other senior officers or the Board of Directors. On June 4, 2013, a settlement agreement was approved by the OSC requiring Boyuan to retain a consultant to conduct a comprehensive examination and review of its internal controls over financial reporting, policies and procedures, training, ethics and compliance with financial and other reporting requirements of Ontario securities law. Boyuan agreed to pay the OSC the sum of \$200,000 for the use of the OSC, and also agreed to pay the OSC Staff's investigation costs in the amount of \$100,000. The settlement terms also included the Corporation engaging independent control consultant to review the Corporation's control procedures and policies and to make recommendations for improvement, the Corporation implementing the recommendations, the consulting testing the improved procedures and the Corporation submitting a final report to the OSC following such testing.

On October 16, 2015, the OSC, as principal regulator, issued a MCTO imposing restrictions on trading of the Corporation's securities by the CEO and the CFO of the Corporation for failure of the Corporation to file the annual audited financial statements, MD&A and related CEO and CFO certification for the year ended June 30, 2015 and the annual information form for the year ended June 30, 2015 by the prescribed filing deadline. The MCTO was also due to the failure of the Corporation to file the interim financials, MD&A and related CEO and CFO certification for the quarter ended September 30, 2015 by the prescribed filing deadline of November 14, 2015. Subsequently, following completion of the following required annual and interim filings, the MCTO was revoked:

- On November 27, 2015, Boyuan completed its restatements of the annual audited financial statements for the fiscal year ended June 30, 2014, and filed an amended annual MD&A for the same fiscal year. The restated revenue and net income were \$275.4 million and \$6.1 million respectively.
- On December 11, 2015, Boyuan completed its restatements of the interim unaudited financial statements for the quarters ended September 30, 2014, December 31, 2014 and March 31, 2015, and filed an amended interim MD&A for each of these quarters. APPOINTMENT OF AUDITORS

Management recommends the re-appointment of Deloitte Touché Tohmatsu, Certified Public Accountants of Hong Kong, as the auditor of the Corporation to hold office until the close of the next annual meeting of shareholders. Deloitte Touché Tohmatsu was appointed as auditors of the Corporation on June 16, 2015.

Common Shares represented by proxies in favour of management nominees will be voted for the appointment of Deloitte Touché Tohmatsu, Certified Public Accountants as auditor of the Corporation and authorizing the directors of the Corporation to fix the auditor's remuneration, unless a shareholder has specified in his proxy that his Common Shares are to be withheld from voting on the appointment of the auditor.

APPROVAL OF STOCK OPTION PLAN AND UNALLOCATED OPTIONS

The shareholders of the Corporation approved the Stock Option Plan on November 12, 2010 and on November 20, 2013.

The Stock Option Plan, as last approved by shareholders on November 20, 2013, is a "rolling plan" whereby the Corporation is entitled to issue options in respect of a maximum number of Common Shares equal to 10% of the issued and outstanding Common Shares of the Corporation. In 2013 when the "rolling plan" was adopted, the maximum number of share issuable under the Stock Option Plan was 2,542,006. As a "rolling plan", should the Corporation issue additional shares in the future, the number of shares issuable under the Option Plan will increase accordingly. Also, a "rolling" option plan allows that the number shares covered by the options which have been exercised will be available for subsequent grants under the option plan. As the Stock Option Plan is a "rolling plan", the TSX requires that every three years all unallocated options, rights or other entitlements under the Stock Option Plan must be approved by the Corporation's directors and the Corporation's shareholders.

As of October 31, 2016, there were outstanding under the Stock Option Plan options to purchase 1,755,000 Common Shares, the aggregate number of Common Shares outstanding was 25,420,065. Accordingly, the aggregate number of Common Shares issuable under the Stock Option Plan will remain 2,542,006, which represents 10% of the outstanding Common Shares of the Corporation. This will result in no additional Common Shares issuable under the Stock Option Plan.

The directors approved all unallocated Options, rights or other entitlements available under the Stock Option Plan by resolution as of November 2, 2016. The Stock Option Plan must also be confirmed and all unallocated Options, rights or other entitlements under the Stock Option Plan must be approved by a simple majority of votes cast by the shareholders of the Corporation who vote in person or by proxy at the Meeting.

At the Meeting, shareholders will be asked to consider and if deemed appropriate, to pass the following resolution:

WHEREAS:

- A. the Board of Directors of the Corporation adopted on September 27, 2010 an amended and restated Stock Option Plan (the "**Stock Option Plan**") which does not have a fixed maximum number of common shares issuable;
- B. the shareholders of the Corporation last approved the Stock Option Plan, by a majority of votes cast, on November 20, 2013;
- C. the rules of Toronto Stock Exchange provide that all unallocated options, rights or other entitlements under a security based compensation arrangement which does not have a fixed number of maximum securities issuable, be approved every three (3) years;

BE IT RESOLVED THAT:

1. all unallocated options under the Stock Option Plan be and are hereby approved; and
2. the Corporation have the ability to continue granting options under the Stock Option Plan until December 12, 2019, which is the date that is three (3) years from the date of the shareholder meeting at which shareholder approval is being sought;
3. any director or officer of the Corporation be and is hereby authorized to do such things and to sign, execute and deliver all documents that such director and officer may, in their discretion, determined to be necessary in order to give full effect to the intent and purpose of this resolution.

If at the Meeting, the shareholders of the Corporation do not to approve all unallocated options, rights or other entitlements available under the Stock Option Plan, all currently outstanding options will be unaffected and the

Corporation will not issue any further options under the Stock Option Plan and any outstanding options that are thereafter cancelled or expire will not be available for re-grant.

The Board recommends that shareholders vote **FOR** the approval of the resolution. **Shares represented by proxies in favour of the management nominees will be voted in favour of the ordinary resolution, unless a shareholder has specified in his proxy that his shares are to be voted against the ordinary resolution.**

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

The Board considers good corporate governance practices to be an important factor in the overall success of the Corporation. Under National Instrument 58-101 – *Disclosure of Corporate Governance Practices* and National Policy 58-201 – *Corporate Governance Guidelines Practices* (collectively, the "**Corporate Governance Rules**"), the Corporation is required to disclose information relating to its corporate governance practices as set out below. The Corporation is committed to adopting and adhering to corporate governance practices that either meet or exceed applicable corporate governance standards. The Corporation believes that its corporate governance practices should be compared to the highest standards currently in force and applicable to it as well as to best market practices.

BOARD AND ITS COMPOSITION

The Board has adopted a written mandate, entitled "Terms of Reference for the Board of Directors", which can be found at the Corporation's website at www.boyuanguroup.com.

The Board currently is comprised of seven members. A majority of the Board is comprised of independent directors. Ms. Liu Manhong and Messrs. Francis Leong, John (Jack) Duffy and Fang Lixin are considered by the Board to be independent directors within the meaning of the Corporate Governance Rules as each has "no direct or indirect material relationship" with the Corporation. The other three Board members are not independent directors within the meaning of the Corporate Governance Rules: Mr. Shou Cailiang, President, Ms. Ren Shu, Corporate Secretary, and Mr. Tang Wei, Vice President, are members of management of the Corporation. In deciding whether a particular director is or is not an independent director, the Board examined the factual circumstances of each director and considered them in the context of many factors. All seven of the nominees for election to the Board at the Meeting are the current seven members of the Board, and accordingly, following the Meeting, four of the seven members of the Board will be independent. See "Particulars of Matters to be Acted Upon – Election of Directors".

Mr. Shou Cailiang, President of the Corporation, is also the Chairman of the Board. The Chair of the Board is responsible for taking all reasonable measures to ensure that the Board fully executes its responsibilities. The Board has developed a formal position description for the Chair of the Board, which can be found at the Corporation's website at www.boyuanguroup.com. The position description for the Chair of the Board provides, among other things, that the Chair will: (i) ensure that all business required to come before the Board is brought before the Board such that the Board is able to carry out all of its duties to manage or supervise the management of the business and affairs of the Corporation; (ii) ensure the Board has the opportunity, at each regularly scheduled meeting, to meet separately without non-independent directors and management personnel present; and (iii) in conjunction with the relevant committee of the Board (and its Chair), review and assess the directors' meeting attendance records and the effectiveness and performance of the Board, its committees (and their Chairs) and individual directors.

The Board recognizes the importance of independent leadership on the Board, as evidenced by its designation of Francis Leong, an independent director, as Lead Director in September 2010. As Lead Director of the Board, Mr. Leong provides leadership to independent directors of the Board. The Board has developed a formal position description for the Lead Director of the Board, which can be found at the Corporation's website at www.boyuanguroup.com. The position description for the Lead Director of the Board provides, among other things, that the Lead Director will (i) provide input to the Chairman of the Board on preparation of agendas for meetings of the Board; (ii) assist the Chairman to endeavour to ensure Board leadership responsibilities are conducted in a manner that will ensure that the Board is able to function independently of management; (iii) consider, and allow for, when appropriate, a meeting of all independent directors, so that Board meetings can take place without management being present, (iv) endeavour to ensure reasonable procedures are in place for directors to engage outside advisors at the expense of the Corporation in appropriate circumstances, subject to his prior approval.

BOARD COMMITTEES

The Board has two standing committees: the Audit Committee (the "**Audit Committee**") and the Corporate Governance, Nomination and Compensation Committee (the "**CGNC Committee**"). The roles of these committees are outlined below. Each committee reviews and assesses its mandate at least annually and has the authority to retain special legal, accounting or other advisors. From time to time ad hoc committees of the Board may be appointed. As the Board has plenary power, any responsibility which is not delegated to Management or a Board committee remains with the Board. The Board has developed a formal position description for the Chair of its committees, which can be found at the Corporation's website at www.boyuanguroup.com.

Audit Committee

The Audit Committee is comprised of three members who are each independent and financially literate as required by National Instrument 52-110 – *Audit Committees* (the "**Audit Committee Rule**"). The Audit Committee is appointed by, and assists, the Board in fulfilling its oversight responsibilities in the following principal areas: (i) accounting policies and practices, (ii) the financial reporting process, (iii) financial statements provided by the Corporation to the public, (iv) risk management including systems of internal accounting and financial controls, (v) appointing, overseeing and evaluating the work and independence of the external auditors, and (vi) compliance with applicable legal and regulatory requirements. The Audit Committee has the resources and the authority to discharge its responsibilities, including the authority to engage, at the expense of the Corporation, outside consultants, independent legal counsel and other advisors as it determines necessary to carry out its duties, without seeking approval of the Board or Management. The Audit Committee also has the authority to conduct any investigation necessary and appropriate to fulfilling its responsibilities, and has direct access and authority to communicate directly with the external auditors, legal counsel and officers and employees of the Corporation. The Audit Committee meets at least four times annually, or more frequently as circumstances dictate. There were eleven (11) meetings of the Audit Committee held during the financial year ended June 30, 2016.

The Audit Committee reviews the annual and interim financial statements intended for circulation among shareholders and reports upon these to the Board prior to their approval by the full Board. The Audit Committee is also responsible for the integrity of the Corporation's internal accounting and control systems. The Audit Committee communicates directly with the Corporation's external auditors in order to discuss audit and related matters whenever appropriate. In addition, the Board may defer to the Audit Committee on other matters and questions relating to the financial position of the Corporation and its affiliates. All reports made to the Corporation's ethics hotline are reviewed by the Audit Committee at its next meeting. The Board has adopted an Audit Committee mandate, a copy of which is annexed to the annual information form (the "**Annual Information Form**") of the Corporation for the year ended June 30, 2016 available on SEDAR at www.sedar.com and is also published on the Corporation's website at www.boyuanguroup.com.

The Audit Committee mandate provides that the Audit Committee must pre-approve all audit engagements and the provision by the external auditors of all non-audit services, including fees and terms for all audit and non-audit engagements. The Audit Committee may delegate the responsibility to pre-approve non-audit services to one of its members and any such delegated pre-approvals must be presented to the Audit Committee at its next scheduled meeting. The Audit Committee mandate further provides that the Audit Committee consider, assess and report to the Board with regard to the independence and performance of the external auditors. The Audit Committee has adopted a pre-approval policy pursuant to which the Corporation may not engage the Corporation's external auditor to carry out certain non-audit services that are deemed inconsistent with the independence of auditors under U.S. and Canadian applicable laws. The Audit Committee is also responsible for reviewing hiring policies for current and former partners or employees of the external auditors.

Additional information regarding Audit Committee matters, including audit fees paid and the education and related experience of each of the members of the Audit Committee that is relevant to the performance by such members of their responsibilities on such committee, has been included in the Annual Information Form in accordance with the

Audit Committee Rule and is described in the Annual Information Form under the heading "Item 9.3 - Audit Committee Disclosure". A copy of the Annual Information Form is available on SEDAR at www.sedar.com.

The CGNC Committee has not engaged any independent compensation consultant, but may do so in the future. See "Executive Compensation – Compensation Discussion and Analysis" below.

On September 28, 2013, the Code of Business Conduct and Ethics was revised to add policies against harassment policies to promote a discrimination/harassment-free workplace. BOARD EVALUATION AND PEER REVIEW

Beginning during the financial year ended June 30, 2012 and ended in September 2013, an evaluation of the Board, as a whole, and a peer review of the individual members of the Board was conducted by the Chair of the CGNC Committee. The Chair of the CGNC Committee discussed the results with each of the directors, as appropriate, and engaged in a full and frank two-way discussion on any and all issues which either wished to raise, including how the directors, both individually and collectively, could operate more effectively. Responses were reviewed by the Chair of the CGNC Committee with the Chair of the Board and the CEO and then reported to the full Board which report was adopted by the Board on September 25, 2013.

In assessing the responses, the focus was on continuous improvement. Each director was encouraged to view the feedback of the peer review as constructive advice to enhance both their individual contribution and overall Board effectiveness. At the conclusion of the evaluation and review, as necessary, matters requiring follow-up are identified, actions plans are developed and there is ongoing monitoring by the Chair of the CGNC Committee to ensure satisfactory results.

A modified evaluation and peer review process is expected to occur annually. Subsequent to the fiscal 2014 year end, the Board adopted a recommendation from the CGNC Committee to effect the current formal Board Evaluation Process requiring forms to be filled out to be carried out every second year. In alternate years, the Chair of the CGNC would solicit comments, recommendations and feedback from all Board members without having forms to be filled out and present a verbal report to the Committee and to the Board. This modified approach takes effect in 2014 and the results of the review was reported to the full Board which report was adopted by the Board on September 21, 2014.

For 2016, it is the year for the Chair of the CGNC Committee to solicit comments, recommendations and feedback from all Board members without having forms to be filled out and the Chair will in turn present a verbal report to the Committee and to the Board in due course. The CGNC Committee direct the Chair of the Committee to solicit directly comments, recommendations and feedback from all Board members and the CFO regarding Board and individual board members performance.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Discussion and Analysis

The CGNC Committee of the Board is composed of Dr. Fang Lixin, Mr. Francis Leong and Mr. John (Jack) Duffy. Mr. Francis Leong is the Chair of the CGNC Committee. One of the functions of the CGNC Committee is to assist the Board in carrying out its responsibilities relating to executive and director compensation, including reviewing and recommending director compensation, overseeing the Corporation's base compensation structure and equity-based compensation programs, recommending compensation of the Corporation's officers and employees, and evaluating the performance of officers generally and in light of annual goals and objectives. The Board assumes responsibility for reviewing and monitoring the long-range compensation strategy for the senior management of the Corporation although the CGNC Committee guides it in this role.

The CGNC Committee determines the compensation of the President. The President makes salary recommendations for all other executive officers and senior employees of the Corporation to the CGNC Committee.

Philosophy and Objectives

The compensation program for the senior management of the Corporation is designed to ensure that the level and form of compensation achieves certain objectives, including:

- to align executive compensation with shareholders' interests;
- to attract and retain highly qualified management;

- to focus performance by linking incentive compensation to the achievement of business objectives and financial results; and
- to encourage retention of key executives for leadership succession.

During the financial year ended June 30, 2016, the Corporation's executive compensation program was comprised of base salary and equity participation. During the financial year ended June 30, 2016, the Corporation awarded a Cdn\$15,000 cash bonus to the CFO for his contribution in dealing with restatement of 2014 financial statements and bringing the Corporation back to good standing for its continuous disclosure obligations. Other than the foregoing, the Corporation did not award any bonus incentive compensation to its executive officers during the financial year ended June 30, 2016, although the Corporation may choose to do so in the future. The Corporation reviews industry compensation information and compares its level of overall compensation with those of comparable sized companies.

Base Salary

In the Board's view, paying base salaries which are competitive in the markets in which the Corporation operates is a first step to attracting and retaining talented, qualified and effective executives. Base salary is compensation for discharging job responsibilities and reflect the level of skills and capabilities demonstrated by the executive. Annual salary adjustments take into account the market value of the role and the executive's demonstration of capability during the year.

Bonus Incentive Compensation

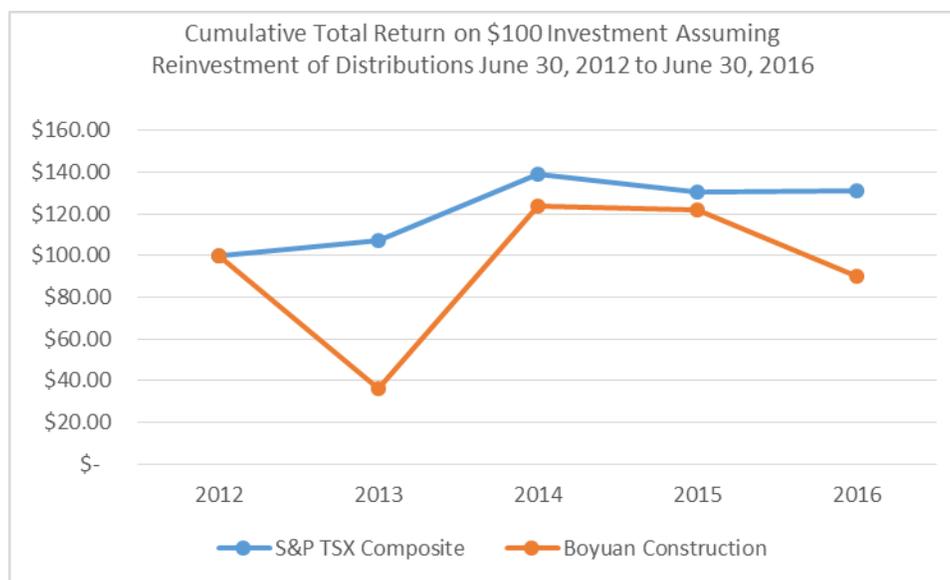

The Corporation awarded a Cdn\$15,000 cash bonus to the CFO for his contribution in dealing with restatement of 2014 financial statements and bringing the Corporation back to good standing for its continuous disclosure obligations. In the future, the Corporation may award executive officers with bonus incentive compensation. The Corporation's objective would be to reward achievement of certain strategic objectives and milestones. The Board will consider executive bonus compensation dependent upon the executive and the Corporation meeting those strategic objectives and milestones, the executive's individual performance and sufficient cash resources being available for the granting of bonuses.

Equity Participation

The Corporation believes in aligning the interests of its executive officers with those of the shareholders by encouraging its executives and employees to become shareholders. Equity participation may be accomplished through the awarding of stock options under the Corporation's Stock Option Plan. Stock options may be granted to executives and employees taking into account a number of factors, including the amount and term of options previously granted, base salary and bonuses and competitive factors. The amounts and terms of options granted, if any, are determined by the Board. No stock options were granted in the fiscal year ended June 30, 2016.

Performance Graph

The following graph compares the total cumulative shareholder return for \$100 invested in Common Shares in June 30, 2012 for the period ending June 30, 2016 with the total return of the S&P/TSX Composite Index over the same period (assuming reinvestment of dividends).

	2012	2013	2014	2015	2016
S&P TSX Composite	\$100.00	\$107.13	\$138.84	\$130.19	\$130.77
Boyuan Construction	\$100.00	\$36.00	\$124.00	\$122.00	\$90.00

In fiscal 2015 and 2016, compensation of the Named Executive Officers as detailed in this Circular were based on the Corporation's financial performance and not linked to Common Share price on the TSX. Therefore, no comparison can be done in respect of how the trend in the graph shown above compares to the trend in company compensation for the Named Executive Officers.

Notes:

- (1) The Corporation reports in US dollars in its financial statements and, accordingly, the table above is shown in US dollars. Compensation for Mr. Shou and Mr. Law is made in Canadian dollars but has been converted for the table above at the Bank of Canada average annual exchange rate of 1.3262, 1.1724 and 1.0704 for the 2016, 2015 and 2014 years, respectively.
- (2) The values reported represent an estimate of the grant date fair value of the options calculated in accordance with the Black-Scholes pricing model. The Black-Scholes model is a pricing model which may or may not reflect the actual value of the options. The options have not been and may never be exercised and actual gain, if any, on exercise will depend on the value of the Common Shares on the date of exercise. The value of option-based awards shown in the table is calculated by multiplying the number of options by the Black-Scholes value of the option at the time of grant. The following assumptions were used for the Black-Scholes calculation: (a) expected life of 5 years; (b) expected volatility of 119% for 2016; (c) risk free interest rate of 1.53% for 2016. Assumptions used in the calculation of these compensation costs are discussed in Note 18 to the Corporation's audited consolidated financial statements for the financial year ended June 30, 2016. For a description of the material terms of each option grant to Named Executive Officers, see "Incentive Plans Awards" below and for a description of the material terms of the Stock Option Plan of the Corporation, see "Securities Authorized for Issuance Under Equity Compensation Plan."

The Stock Option Plan

In connection with the graduation of the Corporation from the TSXV to the TSX in June 2010, the Corporation adopted an amended and restated Stock Option Plan which was approved by the shareholders on November 12, 2010, which was further amended following shareholder approval on November 20, 2013 (referred to herein as the "**Stock Option Plan**"). The Stock Option Plan requires re-approval by directors and shareholders every three years

in accordance with the policies of the TSX and was last approved at the 2013 annual meeting of shareholders held on November 20, 2013. The summary of the principal terms of the Stock Option Plan is set forth below. The full text of the amended Stock Option Plan was set out as Appendix "A" to the Corporation's management information circular dated October 19, 2013 in connection with the Corporation's annual and special meeting of shareholders held on November 20, 2013, available for download on SEDAR at www.sedar.com.

The Stock Option Plan provides that directors, consultants and employees of the Corporation or any of its subsidiaries and employees of a person or company which provides management services to the Corporation or any of its subsidiaries shall be eligible for selection to participate in the Stock Option Plan (collectively, "**Eligible Persons**"). The Stock Option Plan is administered by the Board (or a special committee appointed by the Board, if applicable).

The Stock Option Plan is a rolling stock option plan. The maximum number of Common Shares issuable pursuant to the Stock Option Plan (and any other security based compensation arrangement) may not exceed 10% of the issued and outstanding Common Shares from time to time. As at October 31, 2016, the total number of Common Shares available for issuance under the Stock Option Plan was 2,542,006, and there were 1,755,000 options outstanding to purchase Common Shares, representing approximately 6.9% of the total Common Shares issued and outstanding. Accordingly, 787,006 Common Shares remain available for future stock option awards under the Stock Option Plan, representing 3.1% of the total Common Shares issued and outstanding. The number of Common Shares that may be reserved for issuance to any one person under options granted in any 12 month period shall not exceed 5% of the outstanding Common Shares determined at the date of grant (or 2% of the issued and outstanding Common Shares in the case of an optionee who is a consultant or an employee who performs investor relations activities for the Corporation). As at October 31, 2016, the highest number of Common Shares of the Corporation reserved for issuance to any one person pursuant to options granted represents approximately 1.8% of the issued and outstanding Common Shares.

The number of Common Shares that may be issuable to insiders pursuant to the Stock Option Plan, together with the Common Shares issuable to insiders pursuant to all other security based compensation arrangements, in aggregate, is subject to a maximum of 10% of the total number of issued and outstanding Common Shares. The number of Common Shares that may be issued to insiders within any 12-month period pursuant to the Stock Option Plan, together with the Common Shares issuable to insiders pursuant to all other security based compensation arrangements, in aggregate, is subject to a maximum of 10% of the total number of issued and outstanding Common Shares. The number of Options grantable to each non-employee director under the Stock Option Plan and all other security based compensation arrangements of the Corporation, at any time, cannot exceed 1% of the issued and outstanding Common Shares.

The exercise price of the options is determined by the Board at the time of grant, and in no event shall such exercise price be lower than the market price (as such term is defined in the TSX Company Manual) of the Common Shares at the time the option is granted or any other exercise price permitted by the TSX. Once an option has been granted, the exercise price of an option may be reduced upon receipt of Board approval, provided that in the case of Options held by insiders of the Corporation, the exercise price of an option may be reduced only if disinterested shareholder approval is obtained.

Subject to any vesting restrictions imposed by the TSX, the Board may, in its sole discretion, determine the time during which options shall vest and the method of vesting, or that no vesting restriction shall exist. The Stock Option Plan specifically requires vesting provisions for options granted to optionees performing investor relations activities which require such options to vest over at least 12 months with no more than 1/4 of the options vesting in any 3-month period.

The option period shall be a period of time fixed by the Board not to exceed 10 years. The Stock Option Plan provides for a limited extension for options expiring during or shortly after a blackout period. A blackout period is imposed by the Corporation for good corporate governance reasons during which trading by certain persons in the Corporation's securities (including exercising options) is prohibited. The Stock Option Plan allows the exercise period of options expiring during or within 10 business days after the expiry of a blackout period to be extended to the day that is the 10th business day after the expiry of the blackout period.

If an optionee ceases to be an Eligible Person as a result of having been dismissed from any such position for cause, all unexercised option rights of that optionee under the Stock Option Plan shall immediately become terminated. In the event of the retirement, voluntary resignation or termination without cause of an optionee, the options held by that optionee would be exercisable to acquire unissued Common Shares that have vested at the time of such retirement, resignation or termination until the earlier of (i) the expiry date of the options; or (ii) 90 days after the optionee ceases active employment or service as an Eligible Person (except that, in the case of optionees providing investor relations activities to the Corporation, such 90 day period is reduced to 30 days after ceasing to provide such investor relations activities). Upon death of an optionee, the options held by such optionee may be exercised until the earlier of (i) the expiry date of the options; or (ii) one year after the optionee's death.

All benefits, rights and options accruing to any optionee in accordance with the terms and conditions of the Stock Option Plan shall not be transferable or assignable unless specifically provided or to the extent, if any, permitted by the TSX.

The Stock Option Plan expressly specifies the amendments that the Board is permitted to make without shareholder approval, and the amendments that require shareholder approval. The Stock Option Plan allows the Board to make the certain amendments to the Stock Option Plan without having to obtain shareholder approval including the following: (i) a change in classes of eligible persons (subject to certain exceptions); (ii) a change made to ensure regulatory compliance; (iii) amendments of a "housekeeping" nature; (iv) a change to the method of determining the option price provided such price is not lower than the "market price" required under the rules of the TSX; (v) changing the following terms governing options under the Stock Option Plan: (A) change to vesting provisions (B) exercise and payment method and frequency; (C) transferability or assignability, other than as provided for in the Stock Option Plan; (D) to fairly or properly take into account a sale, arrangement or take-over bid; (E) adjustments required in the circumstances of certain events such as consolidations and reorganizations; and (F) the effect of termination (for whatever reason) of the optionee's employment or service; (vi) determining any of the termination provisions of the Stock Option Plan would not apply; (vii) a change in terms and conditions of any financial assistance which may be provided by the Corporation to any optionee, or adding or removing any provisions providing for such financial assistance; (viii) adding of or amending any cashless exercise feature, payable in cash or securities, which provides for a full deduction of the number of underlying securities from the Stock Option Plan reserve; (ix) providing for any non-equity based awards under the Stock Option Plan including stock appreciation rights; (x) a change necessary to qualify for favourable tax treatment to optionees and/or the Corporation; (xi) changing any terms relating to the administration of the Stock Option Plan; and (xii) other changes not requiring securityholder approval under applicable law including rules of the TSX.

The Stock Option Plan expressly states that shareholder approval is required for the following changes to the Stock Option Plan or options granted under it: (i) increasing the number of Common Shares that can be issued under the Stock Option Plan or any change from a fixed maximum number of Common Shares issuable to a fixed maximum percentage; (ii) reducing the exercise price of an outstanding option (including a cancellation and re-grant of an option to the same optionee at a lower price which would constitute a reduction of the exercise price of an option) other than for the purpose of maintaining option value in connection with an adjustment; (iii) extending the expiry date of an outstanding option or amending the Stock Option Plan to permit the grant of an option with an expiry date of more than 10 years from the grant date; (iv) any extension of eligibility to participate in the Stock Option Plan to non-employee directors of the Corporation; (v) permitting an option to be transferable except if the transfer is for estate planning or normal estate settlement purposes; (vi) amending the Stock Option Plan to provide for other types of compensation through equity issuance; and (vii) any other amendment requiring securityholder approval under applicable law including rules of the TSX.

The Stock Option Plan contains a cashless exercise feature which allows a holder of options to dispose of his or her vested, unexercised options or any of them to the Corporation in exchange for the issuance of Common Shares equal to the number determined by dividing the closing market price of the Common Shares on the TSX prior to the date of surrender of such option, into the difference between the aggregate closing market price for all Common Shares underlying the options and the aggregate exercise price of such options.

The Stock Option Plan allows all unvested options to vest in case of a change of control, amalgamation, merger or sale of the assets of the Corporation. Where there is a take-over bid to acquire the outstanding shares or the

Corporation enters into an agreement providing for the sale of all or substantially all of the assets of the Corporation such that, following completion of such sale, the Corporation will cease to carry on, directly or indirectly, an active business, the Board may advise optionees that all options will expire (subject to certain limitations) on the date determined by the Board and each optionee shall have the right to exercise their options in whole or in part, regardless of vesting. In addition, the Stock Option Plan provides that the Corporation shall have the right, in certain circumstances and in lieu of delivering Common Shares, to pay to an optionee the "in the money" amount of the stock options held by such optionee, at its election, in the event of a formal take-over bid for all of the shares of the Corporation, a sale of all or substantially all of the assets of the Corporation (under circumstances such that, following the completion of such sale, the Corporation will cease to carry on an active business) or any merger, arrangement, amalgamation or other similar form of transaction involving the Corporation under circumstances such that, following the completion of such transaction, there is a change in control of the Corporation.

The Stock Option Plan provides that appropriate adjustments in the number of Common Shares and in the exercise price per Common Share, relating to options granted or to be granted, shall be made by the Board to give effect to adjustments in the number of Common Shares resulting from any subdivisions, consolidations or reclassifications of the Common Shares, the payment of stock dividends by the Corporation or other relevant changes in the capital structure of the Corporation.

The Stock Option Plan specifies that any changes to the Stock Options Plan or options granted under it may be made by the Board and, if the effect is to impair, derogate from or otherwise materially and adversely affect any option previously granted, such change can only be made with the prior written consent of the applicable optionee.

NORMAL COURSE ISSUER BID

In June 2016, the Corporation decided to implement a normal course issuer bid (the "**NCIB**"). Under the NCIB, the Corporation was entitled to repurchase for cancellation up to \$1,000,000 principal amount of its 11.5% convertible unsecured subordinated debentures due October 31, 2018 (the "**Debentures**") over a twelve-month period commencing on June 17, 2016 and ending on June 16, 2017, representing 10% of the total principal amount of the issued and outstanding of Debentures in the public float as at May 31, 2016. As of May 31, 2016, there were Cdn\$10,000,000 aggregate principal amount of the Debentures of Boyuan outstanding.

The purchases by the Corporation were to be effected through the facilities of the TSX and were made at the market price of the Debentures at the time of the purchase. The actual number of Debentures which may be purchased pursuant to the NCIB and the timing of any such purchases is determined by senior management of the Corporation. Daily purchases under the NCIB are limited to \$1,000 principal amount of Debentures, other than as permitted by the TSX (including block purchases). There cannot be any assurance as to how many Debentures will ultimately be acquired by the Corporation under the NCIB.

To the knowledge of the Corporation, no director or officer of the Corporation intended to sell the Corporation shares while the NCIB bid was in effect. The Corporation will not purchase any Debentures under the NCIB during any pre-determined quarterly black-out periods, or other black-out periods.

During the period between June 17, 2016 through October 31, 2016, the Corporation have not made any purchase of the Debentures pursuant to the NCIB.

By repurchasing the Debentures, the Corporation will reduce the interest payments payable with respect to the Debentures and reduce the Corporation's repayment obligations if purchases are made below par, which will result in a cash savings for the Corporation in the long term. It may also serve to minimize potential future dilution of the Corporation's shares.

Shareholders can obtain a copy, without charge, of the Notice of Intention to make a Normal Course Issuer Bid submitted by the Corporation to the TSX for review and acceptance by contacting the Corporation in writing at Boyuan Construction Group, Inc., Jin Hui Plaza, No. 500 Matang Road, Jiaxing City, Zhejiang, P.R.C. 314000, Phone +86-573-85583126, Fax:+86-573-85520288.
